

Letter from Builth Hospital Friends to Chris Mann, Chairman of Powys Local Health Board.

Builth Hospital Casualty Closure (10/11/06)

Dear Chris,

What on earth is happening. I am so disappointed in both you and Andy, yours is I agree an unenviable job, but I and many have offered to help you in the past, subject to good channels of communication being opened. Despite platitudes from both you and Andy, we still do not have any communication between yourselves and your communities. The latest example - the closure of the MIU in Builth.

I will continue to fight for a decent Health Service in Builth, alongside the Doctors and community, I pray and I mean that in the truest sense for our community, and I also pray for you, that you do what is right, honestly and above all openly.

Rev Phil Morris "Friends" of Builth Hospital
